

## **Highlights of the President's Activities**

### **Wednesday, August 1, 2014**

- President Sirelaf, today, addressed the nation in continuation of her Government's efforts to combat the Ebola Viral Disease that has engulfed the country. During her address, the Liberian President launched the National Action Plan presented to the National Task Force on Ebola by the Ministry of Health and Social Welfare in partnership with the World Health Organization.

As an initial contribution to the National Action Plan, the Government of Liberia provided US\$5 million to begin the immediate implementation of the plan.

She also announced additional measures aimed at containing the spread and caring for the afflicted with the goal of "No New Cases."
